The glowing damsels

They had the world where all is beauty. They belong to an age which was truly golden. Whatever the world had lost is contained in their bosoms and in their smile, which shines with the purest gold. They were carved from desire, and as for their destiny, which is a source of greatness to all those who don't possess them.

Dazzling patterns

Some say they are not patterns. They're messages from a time when the world was younger and more beautiful. They've been carved into the exquisite garments of those whose maidens, for only they can bring about this age again with their grace and style.
